

Information sheet for customers

These two pages are intended to show what preparations need to be made on site so that the new coffee solution can be installed. We would be happy to support you!

Generally	Yes	No	Comment
Measure space for machine LxWxH 600x430x580mm			
Measure space for refrigerator LxWxH 420x230x455mm			 <p>The refrigerator can be placed to the left/right of the machine or below the machine. But at least approx. 1m close to the machine. If there is already a refrigerator on site, this can be used, but we need to drill a 10mm hole for the hose.</p>
Water supply			
Water connection available including check valve? Ideally there is a 3/8" thread. This can be measured with an outside diameter of 16.7mm.			Which thread is available? 
There must be space for the water filter cartridge. LxWxH 144x144x557mm			Location can be flexible under/behind the counter. Possible laying or standing.
Waste water connection			
Waste water pipe or siphon present?			Diameter min. 56mm

<p>Counter cutout Are there already holes in the counter? Diameter approx. 80mm under the coffee machine. We would be happy to do this for you!</p> <p>If set ejection is an option, then prepare the drilling for set ejection. Diameter 127mm</p>		 <p>Thekenausschnitt für:</p> <ul style="list-style-type: none"> • Netzkabel • Wasserschlauch • Serielle Schnittstelle • Ethernet • Milch <p>125 mm (4,9 Zoll)</p> <p>120 mm (4,7 Zoll)</p> <p>188 mm (7,4 Zoll)</p> <p>Ø 80 mm (3")</p> <p>Ø 127 mm (5")</p> <p>5</p> <p>Thekenausschnitt für:</p> <ul style="list-style-type: none"> • Satzabwurf (Option)
